

## **TIDEWATER ROOFING & EXTERIORS LEADS FUNDRAISING DRIVE FOR THE AMERICAN CANCER SOCIETY**

**Hampton, VA – June 6, 2005** – Tidewater Roofing & Exteriors, one of Central and Southeastern Virginia’s most respected providers of commercial and residential roofing, leaf free gutters, siding and windows, recently led an aggressive drive to raise money for the American Cancer Society’s “Relay for Life”. Through the donations and participation of its employees and fellow remodeling companies, Tidewater was successful in raising \$5,675 for cancer research and patient programs.

Tidewater’s passionate effort was inspired by a current employee, who was recently diagnosed with the disease. “Despite our company’s rapid growth, we’re still a tight, family-oriented organization that really cares about each other,” said Marketing Director Christian Miller. “The Relay for Life was just another way that we could *all* show how much we care, and try to make a difference.”

And make a difference it did! Within three short weeks, Tidewater Roofing & Exteriors was able to reach its financial goal *and* recruit the help of several other local remodelers. It is with much appreciation that Tidewater would like to recognize the following area businesses for their valuable contributions: CertainTeed Corporation, Creasy & Whiteed, JAWS Contracting, K.D. Price Contracting, National Roofing Corporation, Thomas Roofing and Woodall’s Home Improvements.

### **About Tidewater Roofing & Exteriors**

Tidewater Roofing & Exteriors was established in 1982 by its president, Emmit D. White. A leader in commercial, industrial and residential remodeling, the company specializes in all major roof systems and treatments, siding and windows. As a compliment to its products and services, the company added a sister operation, Tidewater Gutter Services, in 2000 to provide premium leaf-free gutter systems to its commercial and residential markets. Tidewater Roofing is headquartered in Hampton, Virginia with full service operations located throughout Hampton Roads, Richmond and Fredericksburg.
